Dear Friends,

Please refer our earlier circular dt. 03/10/2019 Wherein we the Unions operating in our beloved Bank i.e. UBI clearly mentioned about the menace of merger of this Bank with PNB & OBC affecting not only the employees of this Bank but also the farmers, poor & poorer, lower & middle class people of a vast area of Eastern and North Eastern Region. Unions think that as such anti Employee and anti People attack in the form of 'merger' is long drawn in nature, a sustained agitational programme is very much necessary to combat such situation. Accordingly, an enthusiastic demonstration at short notice was held on 18th September 2019 before UBI Head Office, the day of Board Meeting. The anguish in protest was bolstered by valuable speeches by the leaders of different Federations.

The Unions met again on 16th October 2019 and it is decided that agitation be further intensified and keeping in mind all social and cultural obligations in the interim period, the programme has been fixed as follows:

- 1) **DEMONSTRATION** before all regional
Offices after Office hour _____ **6TH NOVEMBER 2019**

Preferably addressed by available Leaders of any tier of respective Unions. As the fate of merger is also bound to badly affect the common Customers, Retirees, Pensioners, their concerns are also to be addressed in all inclusive programmes.

- 2) **14TH NOVEMBER 2019** _____ **DEMONSTRATION**
Before UBI Head Office.

Our dear Customers may directly approach Hon^{ble} Finance Minister of Central Govt. to vent to their apprehension/danger as expressed in the Proforma sent herewith.

- 3) **Branch wise SIGNATURE CAMPAIGN OF CUSTOMERS** to be completed within 30th November'19 preferably avoiding any contradiction with local management and to be sent to respective Hd. Qtr. of Unions.

APART FROM branch wise customer's signature campaign , the leadership of

Regions/State are requested to organise **CAMP** for Customers' signature in front of one or more branch/branches having more potentialities of Pensioners' account and other customers' accounts giving exclusive responsibility on our predecessor Retiree comrades.

Friends, let us rouse the customers and the common people denouncing death sentence declared by Central Govt. against this People's Bank which is serving the common people whole heartedly for about 70 years.

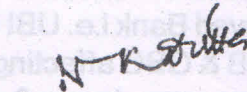

Friendly yours,
